

How can you get involved?

- Join the Langdon Community Garden society and volunteer your time doing something you love, or would like to learn more about
- Lease a plot for the season for \$45.00.
- Sponsor one of the food bank plots and have your name or company name displayed on that plot for the next 6 years.
- Direct potential sponsors to our board whom you think would like to support an initiative of this nature.
- Spend time in the garden, enjoy the peace, serenity and beauty that it offers the community
- Pitch in when you can. Pick a weed, pluck a carrot from the tasting garden, and nurture your soul.
- Take part in harvesting food for the food bank.
- Help support a senior or persons with mobility challenges to get growing.
- Take part in the youth initiatives that will take place in the garden.
- Do Yoga, Tai Chi, or meditate in the garden.
- Contribute to the garden's beauty in a positive way.

Langdon Community Garden
A community growing together

Why have a community garden?

- to provide fresh, affordable, pesticide-free produce to our communities food bank
- to connect our community's children to nature
- to add beauty, inspiration and serenity to the community
- to encourage participation in outdoor physical activity
- reduce barriers to gardening by providing support and knowledge to those unfamiliar
- encourage local biodiversity
- contribute to a healthy ecosystem
- create a community hub that welcomes persons of all ages, stages and abilities.

Vision

Cultivate a community group invested in growing fresh produce for our local and surrounding food banks. We hope to empower all of Langdon's citizens to participate in healthier, more socially responsible community activities.

Mission

To promote the coming together of Langdon's citizens with a common purpose of developing, nurturing and sustaining a growing space in our community. The Langdon Community Garden will reflect the area it serves; engaging, educating, building and strengthening the community in a significant way.

Partners and Plans

We have partnered with a number of community groups to make the garden a success.

- Rocky View School division will have access to the Children's garden, and are also invested in creating quality compost for the garden
- Langdon Girl Guides have acquired a tree grant to beautify the space, and are eager to be involved with the food bank plots and community service opportunities.
- Langdon Synergy has exciting plans for an artistic feature in the community garden space.
- Rocky View County. Our partner, and source of guidance.

The community garden will include

- o **6 – Raised food bank gardens (6'x24')** with food dedicated solely for our local and surrounding food banks
- o **20 – Raised garden plots (6'x12')** for lease by the community.
- o **Children's garden and learning space**
- o **Teen garden**
- o **Wheelchair accessible, and raised plots for persons with disabilities**
- o **Tasting garden**
- o **Composting area**
- o **Water tanks**
- o **Shed with tools**
- o **Perennial beds**
- o **Pathways**
- o **Arbor's and a future pergola**
- o **Solar lighting**
- o **Seating areas and many more features**
